EMERGING TECH

We deliver value with information

Blockchain Development

AI Development

Chatbot Development

AR/VR Development

NFT Development

Internet of Things (IoT)

Metaverse Development

Blockchain Development

We ideate, create and improve blockchain solutions with a strategic approach, helping organizations tap into the decentralized ecosystem and establish a secure environment.

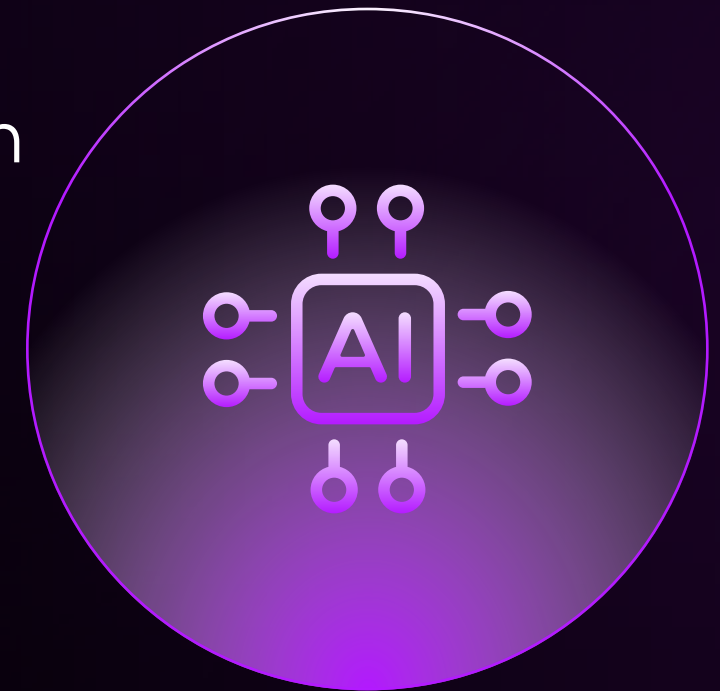

- ZK-rollup Development
- Oracle Development
- DApps Development
- Launchpad Development
- NFT Development
- Smart Contract Development
- Wallet Development
- Crypto Exchange Development

AI Development

Artificial Intelligence development is one of the most sought-after technologies and our expert team can develop innovative and customized AI solutions, leveraging machine learning algorithms and intelligent automation systems to drive your business forward.

- › Generative AI
- › AI Strategy and Consulting
- › Recommendation Engine for E-commerce
- › Business Intelligence Services
- › AI Chatbot Development
- › Natural Language Processing
- › Deep Learning
- › Robotic Process Automation
- › Visual Search & Image Recognition

Chatbot Development

AI-powered chatbots can revolutionize customer engagement and operations. We design and deploy intelligent chatbots that deliver personalized experiences and automate routine tasks across multiple channels.

- GPT-Based AI Chatbot Engineering
- Social Media-Focused Chatbot Programming
- Customized AI Voice Assistant Chatbots
- Multichannel Conversational Platforms
- Tailored CRM/ERP/CM Bots
- Marketplace Chatbot Integration

AR/VR Development

We design, develop, and deliver augmented and virtual reality solutions using creative platforms, enriching your products and services with immersive and interactive features.

- › Virtual Reality App
- › Augmented Reality
- › AR & VR Game Development
- › AR & VR Content Creation
- › Visual Storyboard Design
- › 3D Graphics & Animation Services
- › AR/VR Kiosks & Product Display Development
- › Testing in Various AR/VR Devices

NFT Development

NFTs are the future of digital assets and we create unique and secure NFT solutions that offer new opportunities for digital asset creation, collection, and exchange.

- NFT Marketplace Development
- NFT Art Tokenization
- NFT Lending Platform
- NFT Minting Platform Development
- NFT Smart Contract Development
- NFT Maintenance & Support

Internet of Things (IoT)

We design and deploy robust IoT solutions that integrate devices, sensors, and data analytics, enhancing connectivity and efficiency across diverse industries.

- IoT Application Development
- Industrial IoT Solutions
- Smart Home Systems Software Development
- IoT for Wearable Devices
- IoT Cloud Interface Development
- IoT Remote Control Programming
- IoT Consulting
- IoT Data Analytics & Data Visualization

Metaverse Development

Our specialists are well-equipped to develop engaging and interactive Metaverse solutions that enable immersive experiences, from virtual worlds to augmented reality, redefining how people connect and explore.

- Metaverse Application Development
- Metaverse Integration Services
- Metaverse 3D Development
- Metaverse Digital Twin Development
- Metaverse Game Development
- Metaverse Real Estate Development
- Metaverse NFT Marketplace Development
- Metaverse Virtual Office Development

OUR PRODUCTS

We're a team of creative minds who strive for excellence in everything we do. We utilize our full potential to find the perfect balance between our vision and capabilities.

Chatwit

DoctorHub

Webclues Academy

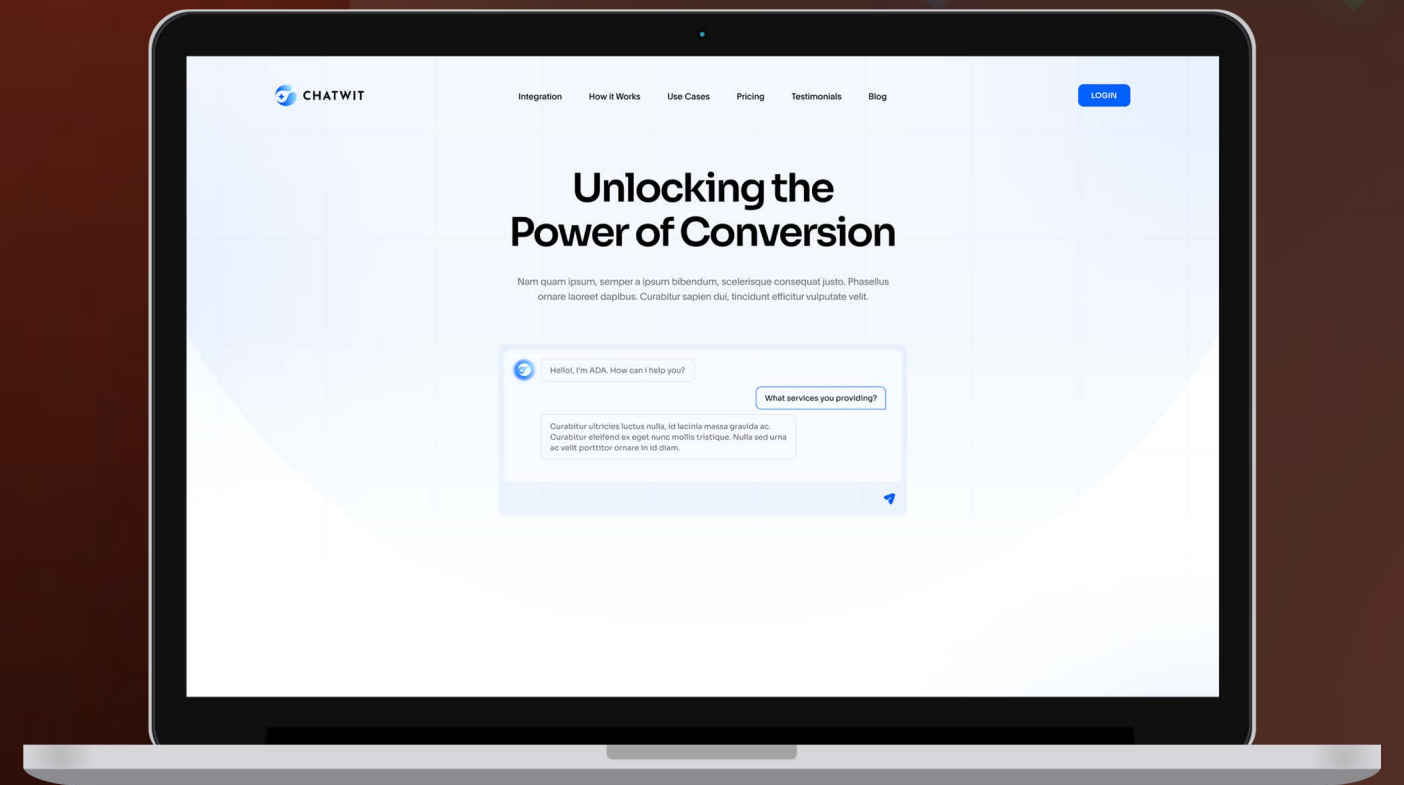

LinkSpace

Zoom Shop

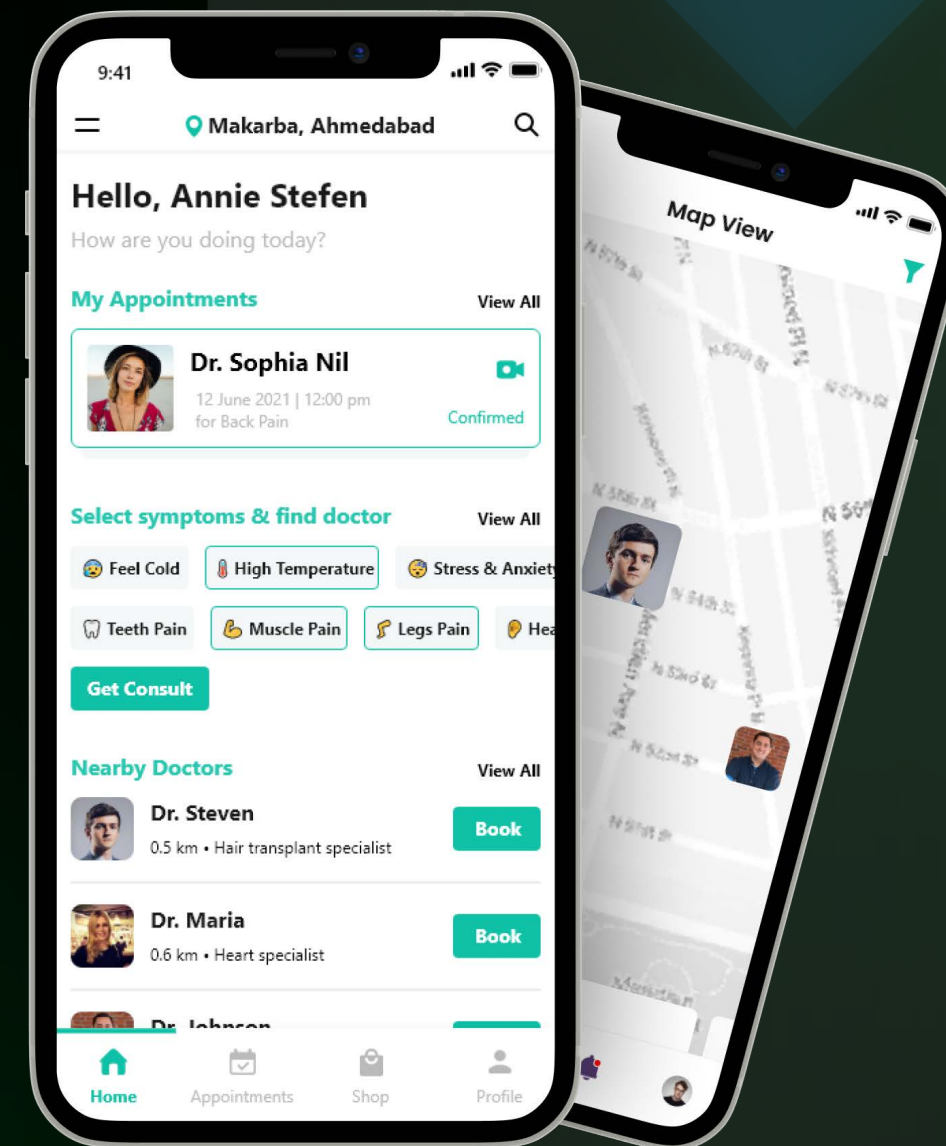

Chatwit

Chatwit is a chatbot platform for websites aiding them with customer services, lead generation, surveys, and personal assistance. Users can integrate Chatwit into their websites without requiring any coding. There are multiple customization options with regard to user interface and response generation. The innovative chatbot platform also comprises advanced features, such as natural language processing, sentiment analysis, and analytics.

DoctorHub

DocotorHub app is a one-stop Healthcare search platform developed by experts at WebClues. This app addresses the persistent pain points of the healthcare sector, brings users closer to medical experts, and provides instant user-friendly teleconsultation services.

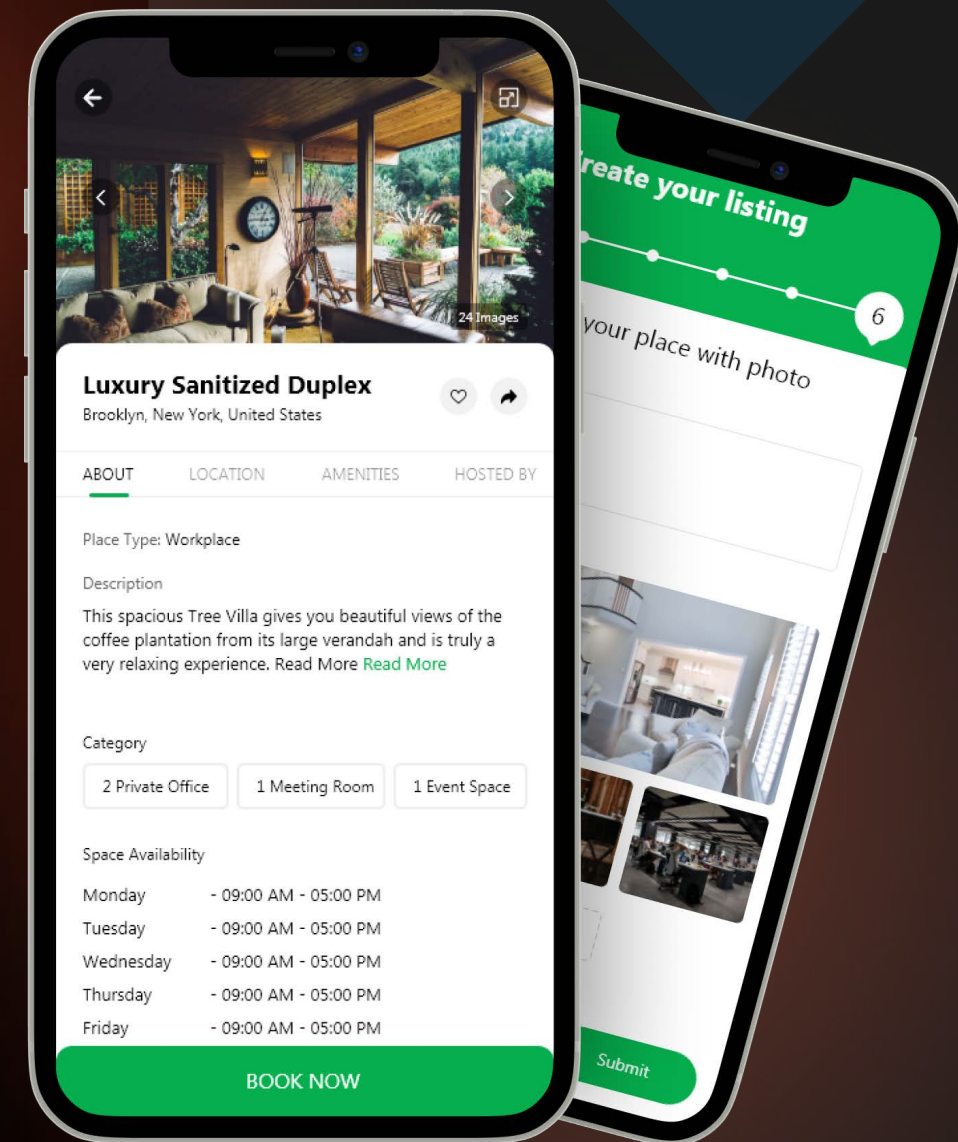

Webclues Academy

WebClues Academy is a unified learning app that helps users develop individualized learning content with ease. This app provides a variety of learning options under a single application and ensures convenient learning, easy performance tracking, and more. The app promotes an organized and advanced learning environment.

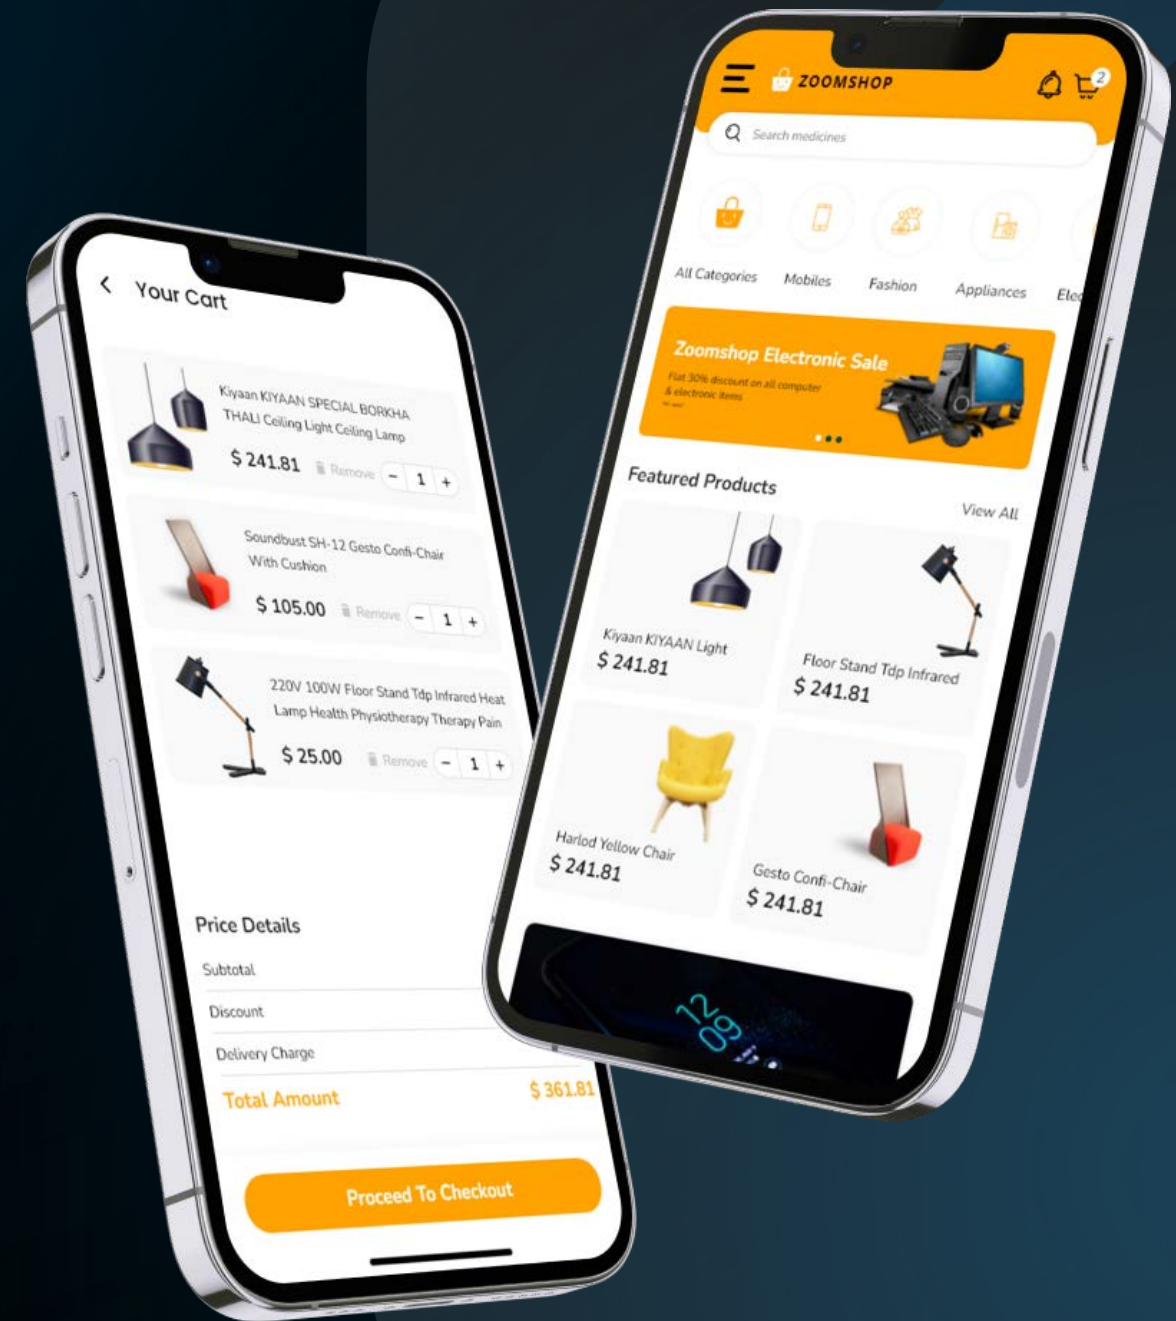

LinkSpace

LinkSpace offers a user-friendly real estate listing platform via web and mobile. Property owners can register, list details, and manage properties easily. Users find their ideal space efficiently, with features like chat and hourly booking. It streamlines renting with secure dashboards for owners and seamless search for users.

Zoom Shop

ZoomShop is a top-notch ready-made eCommerce solution, offering a futuristic online business experience. Its intuitive interface ensures swift navigation on both Android and iOS, with rapid loading and low data consumption. The app streamlines order management, and offers dynamic categories, along with customizable email templates via the admin interface, enhancing the business journey.

HOW WE WORK

Don't fear the pivot! Our agile approach ensures our solutions respond to change, keeping you ahead of the curve.

Step 1:

Design

Our Agile team collaboratively develops software architecture, UI, and UX for the product.

Step 2:

Development

Development teams adhere to the designed software architecture, building user stories in time-boxed sprints.

Step 3:

Testing

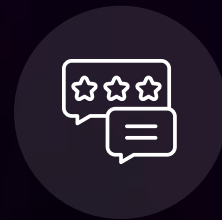

Agile testing team members identify bugs and inconsistencies at the end of each sprint cycle.

Step 4:

Deployment

Completed user stories are launched in the market, beginning with the release of MVPs.

Step 5:

Support and Maintenance

Features are integrated and bugs and inconsistencies are addressed throughout the product's lifetime to ensure continuous improvement.

OUR LEADERS

Saleh Saad Abdulla Ali Almenhali

WDCS Technology embodies the spirit of innovation in the MENA region, bringing transformative technology solutions to uplift our community and beyond.

Deep Shah

Our clients are our partners in success. We listen to their needs, understand their goals, and deliver solutions that work for them.

Ayush Kanodia

WDCS Technology is more than just a company. It is a vision of how technology can transform the world for the better.

Nainesh Pandya

Quality is not an option, it is a requirement. We adhere to the highest standards of quality in every project we undertake.

Nikhil Patel

We are not afraid to challenge ourselves and explore new possibilities. We are constantly learning and improving our skills and knowledge.

Ravi Patel

Our team is our greatest asset. We have a diverse and talented team of professionals who share a common vision and passion for technology.

CLIENT TESTIMONIALS

The proof of concept developed by WDCS was met with resounding approval. From the outset, their team of seasoned professionals evokes trust through clear and consistent communication. Their commitment to responsiveness and adeptness at transforming constructive feedback into impactful, on-time deliverables are hallmarks of their exceptional work.

Joshua Tobkin
Co-Founder & CEO

At WDCS, a dedicated team of resourceful and forward-thinking individuals drives their success. By implementing a CRM system, they've created a nimble work environment that optimizes costs. Their methodical approach to development ensures manageable workloads, and their clear communication sets milestones with transparency.

Shaz
Founder & CEO

We were extremely pleased with their ability to turn our ideas into reality. They have skilled designers and developers who enhance customer engagement and open up new revenue channels.

Michael
CEO

What truly sets WDCS apart is their unwavering dedication to making our project a success, treating it with the same care and commitment as their own. Their efforts garnered widespread praise across the board, a testament to their expertise and professionalism. The team consistently demonstrates proactiveness, in-depth knowledge, and exceptional project management skills, leaving us confident and impressed throughout the collaboration.

Rodrigo Boabaid
CEO

OUR INFRASTRUCTURE
